

What's happening in EYFS?

During this half term we will be exploring the theme of 'Our Wonderful World'. We will focus on a different story each week, that is set in a different part of the world. At first the children will explore where they live and the features of our local community. We will then learn about different parts of our wonderful world such as outer space and Antarctica. We also look forward to learning about the city of London and British Values.

Communication and Language

We will be talking about our local community and exploring new vocabulary when learning about different parts of the world. We will be listening carefully to stories and noticing where the story is set. The children will learn how to say hello in languages from around the world.

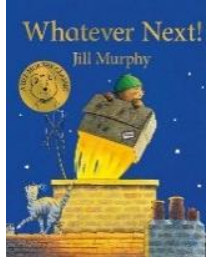

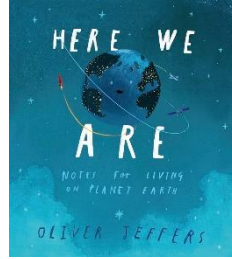

We will ask the children to contribute to our bank of ideas for this half term in relation our wonderful world. There will be many opportunities for the children to learn about the world around them and talk about their own experiences in different places local to them and around the world.

Our Wonderful World

Personal Social and Emotional

We will explore the feelings of the characters from each story. We will think about how we are all unique and celebrate our differences. The children will make comparisons around themselves and others.

- Week 1 - Our Community
- Week 2 - City of London
- Week 3 - Antarctica
- Week 4 - Africa
- Week 5 - Outer Space

Reading

We will enjoy sharing the themed texts each week with the children, exploring where each story is set.

Physical

We look forward to moving our bodies in different ways to different types of music. There will be a focus on building the children's fine motor skills through fun and engaging sensory activities. The children will continue to be encouraged to access mark making tools and recording in their own way. In YR we will be progressing to writing simple sentences linked to different parts of the world.

Remember, **talk** is a great tool for learning so please encourage your child to talk about what they have done each day ☺

We are really enjoying viewing the learning and experiences you get up to at home, so please continue to share the videos and photos with us. You might share a photo of your child in a special place around the world! This would be a great opportunity for the children to share their experiences of different places.
